Original Scientific Research Papers (Full articles and short notes) and Review articles are invited for the coming issues of Pakistan Journal of Agricultural Research
INSTRUCTIONS TO CONTRIBUTORS

Pakistan Journal of Agricultural Research (quarterly)
http://www.pjar.org.pk

Papers and short notes on original research and reviews of research, written in English, in the field of agriculture and allied subjects are accepted for publication after peer review. The contributors must provide duly completed authorship and contribution form signed by all authors stating that they bear all responsibility for the data reported therein, and these data are not being published or simultaneously considered for publication elsewhere.

Submission of Manuscript: Two hard copies and a soft copy of the typed manuscript with reproducible figures and tables (paper size, 8.5" x 11" with 1 cm line spacing) should be sent through e-mail as attached word files and also by post to Managing Editor, Directorate of Scientific Information, National Agricultural Research Centre, Park Road Chak Shahzad, Islamabad, Pakistan. E-mail: m.editor@pjar.org.pk

STYLE OF MANUSCRIPT

Author's Identification: To protect their anonymity in the review process, the authors should avoid writing their name(s) and acknowledgments in the manuscript. Instead a separate page containing the title of the paper, the name and address of the author(s) with email and the postal address for correspondence should be attached with the manuscript.

Abstract: The abstract should be informative and concisely state the scope of work, methodology if original and principal findings, preferably in less than 200 words.

Introduction: It should include pertinent review of literature and justification/objective of the research.

Materials and Methods: It must include year and place of study, basic information on materials and methodology and details of any new method, if adopted.

Tables and Illustrations: The units should be in metric system. The tables and illustrations in size adjustable in one or two columns of the journal along with captions should be placed at the end of the text.

Results and Discussion: It is a combined heading with the results obtained, discussed in the light of recent relevant literature and giving conclusion of study in the end.

Scientific Names: Scientific names of organisms (binomial nomenclature) should be italicized.

Literature Citation: References should be cited in the text following name-year system. All citations should be written on the pattern given below and arranged alphabetically. Using EndNote (http://www.endnode.com/support/enstyles.asp) Abbreviations should not be used. Full titles of books, serials, proceedings etc. should be given.

Serial:

Monograph:

Section from edited book with separate contributions by multiple authors:

Web Reference

Proof Correction: Editing changes may be checked by the author before publication and returned within 3 days.

Page Charges: Rs. 2000 will be charged as printing charges for each paper. In addition Rs 500 per page will be charged for extra pages above the limit of 6 pages.

List of Potential Referees

A list of at least three potential referees from industrially advanced countries in the West, with full names, designation, affiliation and functional e-mail addresses may be included.

SUBSCRIPTION RATES

Annual : Rs. 500.00 (Inland); US $ 40.00 (Foreign)
Per copy : Rs. 125.00 (Inland); US $ 10.00 (Foreign)

The statements advanced by the contributors are their own views and may not be considered official recommendations of the Pakistan Agricultural Research Council.
